

1901 – “Daddy Frank Staneland’s Tent” 1 Fourth Street

The Ward’s Island Association is celebrating its 93rd year as a recreational, not-for-profit association. The WIA was established in 1913 to meet the aquatic and amateur sport recreational needs of its members who were originally summer residents of Toronto Island.

Early residents of what was referred to as “Tent City” erected tents like the one pictured on the back cover on small lots leased from the City of Toronto.

In 1937 a community clubhouse was built which is the focal point for all social and recreational activities including “Gala Day” which is now actually a four-day event and the focal point for all WIA recreational and social activities.

WIA members, Toronto Islanders and visitors are invited to participate in celebrating “Gala Day” recreational activities that include a parade, live music, dance, games, sports events, bingo and a draw prize.
